### Meadows Parking Lot - Improved for 2009/10

This past year, the **Meadows Parking Lot and Shuttle Service** changes were a huge success. For the 2009/10 season, additional enhancements have been made to the entry/exit flow for both shuttles and private vehicles to continue to advance the overall experience.

As part of normal operations, shuttles will continue to the light at Pine Grove Road and make a left. Then, they will make a left on Bangtail Way and enter through a new Shuttle Only Entrance. Designated shuttle waiting areas will again be in effect for loading and unloading this season. Look for the color flags.

A significant change entails having passenger vehicles enter the lot only from the first entrance on Bangtail Way. Furthermore, private vehicles will now exit through the main exit gate back onto Pine Grove.

The improved flow will augment vehicle traffic, provide convenient access to each shuttle stop and enhance shuttle transfer times.

Due to ongoing snow removal efforts, no overnight parking is allowed and vehicles that impede these efforts will be towed at the owner's expense.
